**Message Title:**

Sexual Health Clinic at the Galion City Health Department

**Message:**

A Sexual Health Clinic will now be provided at the Galion City Health Department. The Sexual Health Clinic will operate on the first Monday of every month beginning June 5, 2017. The clinic will provide STD and HIV testing, annual exams, pregnancy planning, birth control, condoms, and HPV vaccination. Patients will be seen regardless of their ability to pay.

In most communities, sexually transmitted diseases are the most prevalent communicable diseases, and many people do not know that they are infected. Over the last three years, in the City of Galion, two of the top four communicable diseases have been sexually transmitted (Chlamydia and Gonorrhea). Early diagnosis through STD testing can allow faster access to treatment. Protect yourself and others by getting tested.

Call (888)-333-9461 to schedule an appointment with the Sexual Health Clinic located at the Galion City Health Department. For more information regarding services, go to website: [www.Here4UCentralOhio.org](http://www.Here4UCentralOhio.org).
